The T. D. C. C.

OTHER NEW MEMBERS.
My Dear Girls and Boys—Here is another column of letters from boys and girls who have been sent out, and we hope that they will find it most interesting. Their badges are now in the hands of the T. D. C. C. because our club is really just the friendliest sort of organization anywhere. If you are not a member, write to me and see if any of the new members are not your friends.

YOUR EDITOR.
Dear Editor—I would like to join the Children's Club, so please send me a badge. I think the children do perfectly splendid work, but when the paper comes I look at the T. D. C. C. page first of all. I am sending a drawing which is my best attempt. It hasn't a good title, but I hope it will do. Yours sincerely,
LOIS AVERILL.
Eleven years old.

Dear Editor—Inclosed is a picture that I hope will be good enough for the page. Please send me a membership badge. I hope to see the picture in print.

ANOTHER HOME OF WILLIAM JENNINGS BRYAN

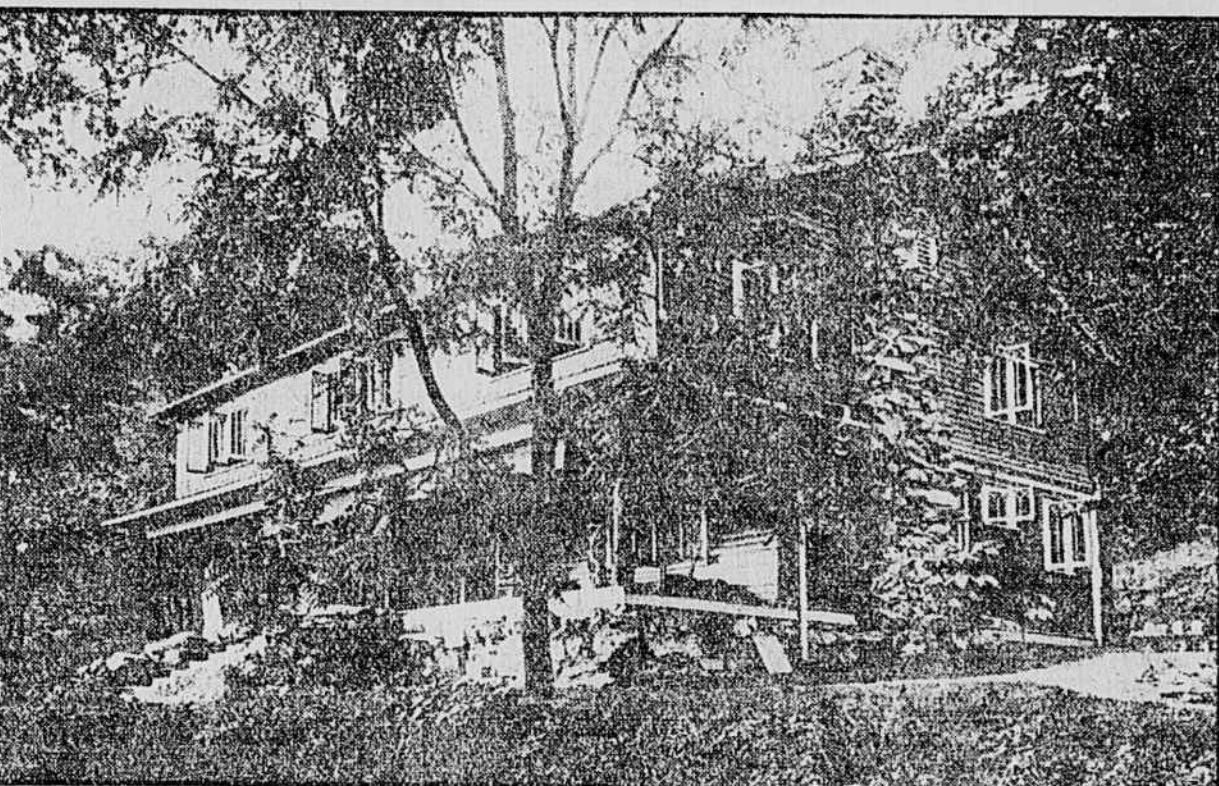

Photo by Underwood & Underwood

Asheville, N. C., July 22.—A view of "Sunset Mountain," 2,500 feet above sea level and 600 feet above Asheville itself, which will be occupied during the summer months by Secretary of State William Jennings Bryan, is shown in the photograph. The house, which is a fine view to the west, looking across the eighteen-hole golf course of the Asheville County Club, the French Broad River Valley, the

plateau, and in the distance, range upon range of mountains piling up in the sky, with the climax of altitude in "Pisgah and the Blue" 5,749 feet above the sea level. Within 400 yards to the north is the famous Grove Park Inn, and nearby, still further north, is the Students' Military Camp, with 145 students and Troop R, Fifth Cavalry, Captain Preston Brown commanding. The house is the property of E. W.

Grove, and has been put in readiness for the Secretary of State and family by Fred L. Seely, son-in-law of Mr. Grove, the former editor and owner of the Atlanta Georgian. The house contains ten rooms in addition to bath and linen rooms, and is located on the famous Grove Park Inn, the first exclusive mountain automobile road constructed in this country, three years ago.

Clark is a general social favorite everywhere in the State, and numbers of charming functions are planned in his honor each season at the Rockbridge Springs. Miss Clark is the heroine of a charming story, written by Miss Mary Lewis, of Richmond, which appeared in the Southern Woman's Magazine recently.

Why Fat Returns if Taken Off by Exercise.
Since fat is the result of particularly easy assimilation of food, which too readily turns into fatty substances, the exercise for reduction must be very vigorous to tear down the tissues, and as rapidly as exercise builds a larger muscular foundation, more fat is developed. For the early part of the time which you are exercising flesh is turned into muscle, but the action of the stomach being unchanged and the flesh being more easily developed than muscle, it is not long until the exercise has increased the weight. Of late years, the slender form is possible without making oneself miserable by dieting or indulging in violent exercises to reduce fat. Make up and take this simple reducer and your weight will soon be just where you want it. Dissolve 4 ounces of our tablets (which every good druggist has in his store) in 1 1/2 pints hot water, when it cools strain and take a tablespoonful before meals. This parotis reducer acts gently, is quite harmless and entirely satisfactory results are quickly attained. It leaves the flesh firm and well moulded.—Advertisement.
